

Town Populations

Mildura Region - Australia

Town populations give an indication to what is happening in the region and services and facilities required in smaller communities.

This can assist all levels of government to plan and to ensure that there are sufficient education facilities and services for these families, sporting facilities and programs and extra curricular opportunities. The data also helps to validate plans for future community needs and business expansion.

Mildura has a significantly higher proportion of females than males, with an extra 4.5% being female.
 Population: 28,744 (13,719 male, 15,025 female)
 Households: 10,934 (7,481 family, 3,453 non family)
 Household structure: 2 people - 35%, 1 person - 28%
